6. Courts have recognized my testimony regarding which method of notification is appropriate for a given case, and I have testified on numerous occasions on whether a certain method of notice represents the best notice practicable under the circumstances. Numerous court opinions and comments regarding my testimony, and the adequacy of our notice efforts, are included in our *curriculum vitae* included as **Exhibit 1**.

7. In forming expert opinions, my team and I draw from our in-depth class action case experience, as well as our educational and related work experiences. I am an active member of the Oregon State Bar, having received my Bachelor of Science from Willamette University and my Juris Doctor from Northwestern School of Law at Lewis and Clark College. I have served as the Director of Legal Notice for Epiq since 2008 and have overseen the detailed planning of virtually all of our court-approved notice programs during that time. Overall, I have more than 25 years of experience in the design and implementation of legal notification and claims administration programs, having been personally involved in hundreds of successful notice programs.

8. The facts in this declaration are based on my personal knowledge, as well as information provided to me by my colleagues in the ordinary course of my business at Epiq and Epiq Legal Noticing (hereinafter “Epiq”).

OVERVIEW

9. This declaration describes the Settlement Notice Program for the Consumer Indirect Purchaser Plaintiffs (“Notice Program” or “Notice Plan”) and notice (the “Notice”

or “Notices”) proposed here for *In re Cattle and Beef Antitrust Litigation*, Case No. 0:22-md-03031 for the settling Defendants Cargill, Incorporated and Cargill Meat Solutions Corporation (“Cargill”) and Tyson Foods, Inc., and Tyson Fresh Meats, Inc. (“Tyson”), (together “Settling Defendants”). Epiq developed the Notice Program based on our prior experience and research into the notice issues in this case. We have analyzed and propose the most effective method practicable of notice for the Settlement Class.

10. In my opinion, the Notice Program is designed to reach the greatest practicable number of members of the Settlement Class through the use of individual notice and targeted media notice.

Epiq keeps data in line with client retention requirements. If no retention period is specified, Epiq returns the data to the client or securely deletes it as appropriate.

NOTICE PROGRAM METHODOLOGY

18. Federal Rule of Civil Procedure 23 directs that notice must be “the best notice that is practicable under the circumstances, including individual notice to all members who

can be identified through reasonable effort.”¹ The Notice Program will satisfy this requirement. Notice will be provided by an individual notice effort and will be supplemented by an extensive media campaign.

19. Data sources and tools that are commonly employed by experts in this field were used to analyze and develop the media portion of this Notice Program. These include MRI-Simmons data,² which provides statistically significant readership and product usage data, Comscore,³ and Alliance for Audited Media (“AAM”)⁴ statements, which certify how

¹ Fed. R. Civ. P. 23(c)(2)(B).

² MRI-Simmons is a leading source of publication readership and product usage data for the communications industry. MRI-Simmons is the new name for the joint venture of GfK Mediamark Research & Intelligence, LLC (“MRI”) and Simmons Market Research. MRI-Simmons offers comprehensive demographic, lifestyle, product usage and exposure to all forms of advertising media collected from a single sample. As the leading U.S. supplier of multimedia audience research, the company provides information to magazines, televisions, radio, Internet, and other media, leading national advertisers, and over 450 advertising agencies—including 90 of the top 100 in the United States. MRI-Simmons’s national syndicated data is widely used by companies as the basis for the majority of the media and marketing plans that are written for advertised brands in the United States.

³ Comscore is a global internet information provider for planning, transacting and evaluating media across platforms. With a data footprint that combined digital, linear TV, OTT and theatrical viewership intelligence with advanced audience insights, Comscore allows media buyers and sellers to quantify their multiscreen behavior. A leader in measuring digital and TV audiences and advertising at scale, Comscore is the industry’s emerging, third-party source for reliable and comprehensive cross-platform measurement.

⁴ Established in 1914 as the Audit Bureau of Circulations (“ABC”) and rebranded as Alliance for Audited Media (“AAM”) in 2012, AAM is a non-profit cooperative formed by media, advertisers, and advertising agencies to audit the paid circulation statements of magazines and newspapers. AAM is the leading third-party auditing organization in the U.S. It is the industry’s leading, neutral source for documentation on the actual distribution of newspapers, magazines, and other publications. Widely accepted throughout the industry, it certifies thousands of printed publications as well as emerging digital editions read via tablet subscriptions. Its publication audits are conducted in accordance with rules established by its Board of Directors. These rules govern not only how audits are conducted, but also how publishers report their circulation figures. AAM’s Board of Directors is comprised of representatives from the publishing and advertising communities.

many readers buy or obtain copies of publications. These tools, along with demographic breakdowns indicating how many people use each media vehicle, as well as computer software that take the underlying data and factor out the duplication among audiences of various media vehicles, allow us to determine the net (unduplicated) reach of a particular mailing and media schedule. We combine the results of this analysis to help determine notice plan sufficiency and effectiveness.

20. *Tools and data trusted by the communications industry and courts.*

Virtually all of the nation's largest advertising agency media departments utilize, scrutinize, and rely upon such independent, time-tested data and tools, including net reach and de-duplication analysis methodologies, to guide the billions of dollars of advertising placements that we see today, providing assurance that these figures are not overstated. These analyses and similar planning tools have become standard analytical tools for evaluations of notice programs and have been regularly accepted by courts.

21. In fact, advertising and media planning firms around the world have long relied on audience data and techniques: AAM data has been relied on since 1914; 90 to 100% of media directors use reach and frequency planning;⁵ all of the leading advertising and communications textbooks cite the need to use reach and frequency planning.⁶

⁵ See generally Peter B. Turk, Effective Frequency Report: Its Use And Evaluation By Major Agency Media Department Executives, 28 J. ADVERTISING RES. 56 (1988); Peggy J. Kreshel et al., How Leading Advertising Agencies Perceive Effective Reach and Frequency, 14 J. ADVERTISING 32 (1985).

⁶ Textbook sources that have identified the need for reach and frequency for years include: JACK S. SISSORS & JIM SURMANEK, ADVERTISING MEDIA PLANNING, 57-72 (2d ed. 1982); KENT M. LANCASTER & HELEN E. KATZ, STRATEGIC MEDIA PLANNING 120-156 (1989); DONALD W. JUGENHEIMER & PETER B. TURK, ADVERTISING MEDIA 123-126 (1980); JACK Z. SISSORS & LINCOLN BUMBA, ADVERTISING MEDIA PLANNING 93 122 (4th ed. 1993); JIM SURMANEK, INTRODUCTION TO ADVERTISING MEDIA: RESEARCH, PLANNING, AND BUYING 106-187 (1993).

According to MRI-Simmons data, 90 of the top 100 media firms use MRI-Simmons data. According to Comscore more than 3,200 companies worldwide including mainstream, prominent brands use Comscore. And at least 25,000 media professionals in 100 different countries use media planning software.⁷

22. **Demographics.** In selecting media to target to the Settlement Class, the demographics of likely Settlement Class Members were analyzed. According to MRI-Simmons syndicated media research,⁸ the adults who purchased fresh or frozen beef the following demographics:

- 49% are men;
- 51% are women;
- 28% are aged 18 - 34;
- 33% are aged 35-54;
- 39% are age 55+;
- 48% work full time;
- 56% are married;
- 29% graduated high school or equivalent but no college;
- 34% graduated with a Bachelor's Degree or higher;
- 69% own a home;
- 19% are Spanish/Hispanic and 20% speak Spanish most often;
- 69% have a household income of \$60,000 or more; and
- 26% have a household income of \$150,000 or more.

⁸ MRI-Simmons 2024 Survey of the American Consumer®.

Purchaser Class Plaintiffs and Settling Defendants define the Settlement Class identically:

Consumer Indirect Purchaser Plaintiffs

All persons and entities who indirectly purchased for personal consumption one or more of the following beef products in the Repealer Jurisdictions⁹ between August 1, 2014 to December 31, 2019: beef from Defendants (whether fresh or frozen) made from chuck, loin, rib or round primal cuts. For this lawsuit, beef excludes any product that is marketed as USDA Prime, organic, No Antibiotics Ever (“NAE”), antibiotic free, 100% grass-fed, kosher, halal, certified humane, Wagyu, "American-Style Kobe Beef," as well as any products that are ground, marinated, seasoned, flavored, breaded, or cooked.

Excluded from the class are Defendants, the officers, directors or employees of any Defendant; any entity in which any Defendant has a controlling interest; any affiliate, legal representative, heir or assign of any Defendant; any federal, state, or local governmental entities, any judicial officer presiding over this action and the members of his/her immediate family and judicial staff, any juror assigned to this action. Further excluded are purchases of products that contain ingredients other than beef (except for salt or water).

24. Given our experience with similar notice efforts, we expect the Notice Program here (individual notice and supplemental media - nationally distributed digital and social media) will reach at least 70% of the Settlement Class, with an average frequency of 2.6 times each.

25. The Notice Program “Reach” refers to the estimated percentage of the unduplicated audience exposed to the notice. Notice exposure is defined as the opportunity to see a notice. “Frequency” of notice exposure is the average number of times that those

reached by a notice would be exposed to the notice. The reach will be further enhanced by internet sponsored search listings, an informational release, and a case website, which are not included in the estimated reach calculation. In my experience, the projected reach of the Notice Program is consistent with other court approved notice programs, is the best notice practicable under the circumstances of this case and has been designed to satisfy the requirements of due process, including its “desire to actually inform” requirement.¹⁰

INDIVIDUAL NOTICE

Email Notice – Direct Mail

26. I understand that Epiq will be provided with a list of approximately 35 million email addresses for potential Settlement Class Members. These email addresses will be used to provide direct notice to the Class.

27. Industry standard best practices will be followed for the Email Notice effort. The Email Notice will be drafted in such a way that the subject line, the sender, and the body of the message overcome SPAM filters and ensure readership to the fullest extent reasonably practicable. For instance, the Email Notice will use an embedded html text format. This format will provide easy-to-read text without graphics, tables, images and other elements that in our experience would increase the likelihood that the message could be blocked by Internet Service Providers (ISPs) and/or SPAM filters for this type of email communication. The Email Notices will be sent from an IP address known to major email providers as one not used to send bulk “SPAM” or “junk” email blasts. Each Email Notice will be transmitted with a digital signature to the header and content of the Email Notice,

¹⁰ *Mullane v. Cent. Hanover Bank & Trust Co.*, 339 U.S. 306, 315 (1950) (“But when notice is a person’s due, process which is a mere gesture is not due process. The means employed must be such as one desirous of actually informing the absentee might reasonably adopt to accomplish it. The reasonableness and hence the constitutional validity of any chosen method may be defended on the ground that it is in itself reasonably certain to inform those affected . . .”).

which will allow ISPs to programmatically authenticate that the Email Notices are from our authorized mail servers. Each Email Notice will also be transmitted with a unique message identifier. The Email Notice will include an embedded link to the case website. By clicking the link, recipients will be able access the Frequently Asked Questions and other information about the case. The proposed Email Notice is included as **Exhibit 2**. The proposed Frequently Asked Questions, which will be added to the website and updated as the case progresses, is included as **Exhibit 3**.

28. If the receiving email server cannot deliver the message, a “bounce code” will be returned along with the unique message identifier. For any Email Notice for which a bounce code is received indicating that the message was undeliverable for reasons such as an inactive or disabled account, the recipient’s mailbox was full, technical auto-replies, etc., at least two additional attempts will be made to deliver the Notice by email.

Media Plan

Targeted Internet Digital Advertising

29. Internet advertising has become a standard component in legal notice programs. The internet has proven to be an efficient and cost-effective method to target class members as part of providing notice of class certification and/or a settlement for a class action case. According to MRI-Simmons data, 97% of all adults are online and 84% of all adults use social media.¹¹

30. The Notice Program includes targeted digital advertising (“Digital Notices”) on selected advertising networks, which will be targeted to the Settlement Class. The Digital Notices will link directly to the case website, thereby allowing visitors easy access to relevant information and documents.

31. The Digital Notices use language from the Notices, which will allow users

¹¹ MRI-Simmons 2024 Survey of the American Consumer®.

to identify themselves as potential members of the Settlement Class. As an additional way to draw the interest of the Settlement Class, and to be consistent with Federal Judicial Center’s (“FJC”) recommendations that a picture or graphic may help Settlement Class Members self-identify, the Digital Notices will prominently feature a high-resolution graphic of a diagram of the beef products identified on a cow. Examples of the proposed Digital Notices are included as **Exhibit 4**.

32. The Notice Program includes Digital Notices on the selected advertising network, *Google Display Network* (in English and Spanish), which represent thousands of digital properties across all major content categories. Digital Notices will be targeted to selected target audiences and are designed to encourage participation by Settlement Class Members—by linking directly to the case website, allowing visitors easy access to relevant information and documents.

33. The Notice Program also includes advertising on social media, which will consist of internet Digital Notices on *Facebook*, *Instagram*, *YouTube*, and *Reddit* in multiple sizes. *Facebook* is the leading social networking site in the United States with more than 196.9 million users,¹² and *Instagram* has 171.7 million active users in the United States.¹³ *YouTube* is the largest streaming video website in the United States with over 253 million users.¹⁴ *Reddit* is a widely used social forum website that contains more than one

36. Combined, approximately 307 million targeted impressions will be

generated by the Digital Notices, which will run for approximately 6 weeks nationwide.¹⁸ Clicking on the Digital Notices will link the reader to the case website, where they can easily obtain detailed information about the case.

37. Throughout the implementation of the Notice Program, Epiq will continuously monitor the effectiveness of the Notice Program to ensure impression goals are met to satisfy a combined reach of at least 70%.

Sponsored Search Listings

38. The Notice Program includes purchasing sponsored search listings to facilitate locating the case website. Sponsored search listings will be acquired on the three most highly visited internet search engines: *Google*, *Yahoo!*, and *Bing*. When search engine visitors search on selected common keyword combinations related to the case, the sponsored search listing will be generally displayed at the top of the page prior to the search results or in the upper right-hand column. Representative search terms will include word and phrase variations related to the case. The sponsored search listings will be displayed nationwide. All sponsored search listing ads will link directly to the case website.

Informational Release

39. To build additional reach and extend exposures, a party-neutral Informational Release will be issued broadly over PR Newswire to approximately 13,000 general media (print and broadcast) outlets, including local and national newspapers, magazines, national wire services, television and radio broadcast media across the United States as well as approximately 4,000 websites, online databases, internet networks and social networking media (including *X* (formerly known as *Twitter*)). The informational

¹⁸ The third-party ad management platform, ClickCease will be used to audit the Digital Notice ad placements. This type of platform tracks all Digital Notice ad clicks to provide real-time ad monitoring, fraud traffic analysis, blocks clicks from fraudulent sources, and quarantines dangerous IP addresses. This helps reduce wasted, fraudulent, or otherwise invalid traffic (e.g., ads being seen by ‘bots’ or non-humans, ads not being viewable, etc.).

release will also be distributed to approximately 160 contacts in the food industry.

40. The Informational Release will include the address of the case website and the toll-free telephone number. Although there is no guarantee that any news stories will result, the Informational Release will serve a valuable role by providing additional notice exposures beyond that which was provided by the paid media.

Case Website, Toll-Free Telephone Number, and Postal & Email Address

41. A case website will be established with an easy to remember domain name. The case website will allow the Settlement Class to obtain detailed information about the case and review key documents, including the Complaints, Settlement Agreements, Preliminary Approval Order, Motion for Approval of Fees and Costs, and Final Approval Order, as well as answers to frequently asked questions (“FAQs”), which will include details regarding the beef products included in the Settlements. The List of Included Beef Products (Fresh or Frozen) is included as **Exhibit 5**. The case website address will be displayed prominently on all Notice documents.

42. A toll-free telephone number will also be established to allow members of the Settlement Class to call for additional information, listen to answers to FAQs, and request that a copy of the FAQs be mailed to them. The toll-free telephone number will be prominently displayed in the Notice documents. The automated telephone system will be available 24 hours per day, 7 days per week.

43. A post office box for correspondence about the case will also be available and maintained, allowing members of the Settlement Class to contact the Settlement Administrator with any specific requests or questions.

Claim Submission & Distribution Options

44. The Notices will provide a detailed summary of relevant information about the case, including the case website address, and how members of the Settlement Class can file a Claim Form online or by mail. The proposed Claim Form is included as **Exhibit 6**.

With any method of filing a Claim Form, Settlement Class Members will be given the option of receiving a digital payment or a traditional paper check. Epiq has worked with counsel for the parties to select an appropriate menu of payment options. Subject to each retailer's approval, the payment options will include: Walmart, Amazon, Starbucks, Kroger, PayPal, Venmo or a hard copy check. Based on our experience as a settlement administrator, these digital payment options (and the option of a hard copy check) present the correct balancing of efficient digital payments, as well as accessibility to Settlement Class Members. The type of digital payment selected will not impact Epiq's compensation for its work as the Settlement Administrator, and no digital option will be discouraged relative to other options. The Claim Form asks for simple details regarding the number of qualifying purchases through a brief, simple set of questions. No documentation is required unless there is a potentially suspicious number of purchases or amount of costs claimed.

45. It is my understanding that Cargill disagrees with the use of Kroger as one of the distribution options. Class Counsel asked Epiq whether, in our experience, there was another grocery store option that would allow the return of money to Settlement Class Members given their demographic makeup, their geographic location, and the amount of money available for return in this case. It is our opinion as a settlement administrator, that Kroger would be the best grocery store option for this Settlement Class. If Epiq were asked to find substitutes, we would need to select more than one option to replace a grocery store of the magnitude of Kroger (and its many sub-brands).

Cost of Notice and Settlement Administration

46. Epiq has agreed to a cap of costs for notice and distribution in this case of \$1,772,000 based on the currently known project scope. If there is a change of circumstances that warrants a deviation, Epiq understands Class Counsel will return to this Court to provide an explanation and request a reasonable adjustment to the cap. As the project progresses, Epiq will invoice Class Counsel monthly and request payment from the

Settlement Fund within the agreed upon cap.

PLAIN LANGUAGE NOTICE DESIGN

47. The proposed Notices are designed to be “noticed” and reviewed by members of the Settlement Class and are written in plain language so the Notices will be understood by members of the Settlement Class. The design of the Notices follows the principles embodied in the FJC’s illustrative “model” notices posted at www.fjc.gov. Many courts, and as previously cited, the FJC itself, have approved notices that Epiq’s noticing experts have written and designed in a similar fashion. The Notices contain substantial, albeit easy-to-read, summaries of key information about Settlement Class Members’ rights and options. Consistent with our normal practice, all notice documents will undergo a final edit for grammatical errors and accuracy.

48. The Notices are designed to increase noticeability and comprehension. Once people “notice” the Notices, it is critical that they can understand them. As such, the Notices, as written, are clearly worded with an emphasis on simple, plain language to encourage readership and comprehension.

49. The Notices feature a prominent headline in bold text. These design elements will alert recipients and readers that the Notice is an important document authorized by a court and that the content may affect them, thereby supplying reasons to read the Notice.

50. The Frequently Asked Questions provides substantial information to the Settlement Class. It begins with a summary page, which provided a concise overview of the important information and a table which highlights key options available to the Settlement Class. A question and answer format makes it easy to find answers to common questions by breaking the information into simple headings.

CONCLUSION

51. In class action notice planning, execution, and analysis, we are guided by due process considerations under the United States Constitution, by federal and local rules and

statutes, and further by case law pertaining to notice. This framework directs that the notice plan be designed to reach the greatest practicable number of potential class members and, that the notice or notice plan provide class members with easy access to the details of how the class action may impact their rights. All of these requirements will be met in this case.

52. The Notice Program includes individual notice to potential identified members of the Settlement Class and supplemental media. I reasonably expect the Notice Program (individual notice and supplemental media - nationally distributed digital and social media) will reach at least 70% of the identified Settlement Class. The reach will be further enhanced internet sponsored search listings, an informational release, and a case website. In 2010, the FJC issued a *Judges' Class Action Notice and Claims Process Checklist and Plain Language Guide*. This Guide states that, “the lynchpin in an objective determination of the adequacy of a proposed notice effort is whether all the notice efforts together will reach a high percentage of the class. It is reasonable to reach between 70–95%.”¹⁹ Here, we have developed a Notice Program that will readily achieve a reach within that standard.

53. The Notice Program follows the guidance for how to satisfy due process obligations that a notice expert gleans from the United States Supreme Court’s seminal decisions, which are: a) to endeavor to actually inform the Settlement Class, and b) to demonstrate that notice is reasonably calculated to do so:

- A. “But when notice is a person’s due, process which is a mere gesture is not due process. The means employed must be such as one desirous of actually informing the absentee might reasonably adopt to accomplish it,” *Mullane v. Central Hanover Trust*, 339 U.S. 306, 315 (1950).
- B. “[N]otice must be reasonably calculated, under all the circumstances, to apprise interested parties of the pendency of the action and afford

them an opportunity to present their objections,” *Eisen v. Carlisle & Jacquelin*, 417 U.S. 156 (1974) citing *Mullane* at 314.

54. The Notice Program provides for the best notice practicable under the circumstances of this case, conforms to all aspects of Federal Rules of Civil Procedure, Rule 23 regarding notice, comports with the guidance for effective notice articulated in the Manual for Complex Litigation 4th Ed, and follows the FJC’s *Judges’ Class Action Notice and Claims Process Checklist and Plain Language Guide* (2010).

55. The Notice Program schedule affords sufficient time to provide full and proper notice to the Settlement Class before the exclusion and objection deadlines.

I declare under penalty of perjury of the laws of the United States that the foregoing is true and correct. Executed on October 6, 2025, at Beaverton, Oregon.

The approved Notice plan provided for direct mail notice to all class members at their last known address according to UnityPoint’s records, as updated by the administrator through the U.S. Postal Service. For postcards returned undeliverable, the administrator tried to find updated addresses for those class members. The administrator maintained the Settlement website and made Spanish versions of the Long Form Notice and Claim Form available upon request. The administrator also maintained a toll-free telephone line which provides class members detailed information about the settlement and allows individuals to request a claim form be mailed to them.

The Court finds that this Notice (i) constituted the best notice practicable under the circumstances; (ii) was reasonably calculated, under the circumstances, to apprise Settlement Class members of the Settlement, the effect of the Settlement (including the release therein), and their right to object to the terms of the settlement and appear at the Final Approval Hearing; (iii) constituted due and sufficient notice of the Settlement to all reasonably identifiable persons entitled to receive such notice; (iv) satisfied the requirements of due process, Federal Rule of Civil Procedure 23(e)(1) and the Class Action Fairness Act of 2005, 28 U.S.C. § 1715, and all applicable laws and rules.

Judge Carl J. Barbier, *In re Oil Spill by the Oil Rig "Deepwater Horizon" in the Gulf of Mexico, on April 20, 2010 (Medical Benefits Settlement)* (Jan. 11, 2013) MDL No. 2179 (E.D. La.):

Through August 9, 2012, 366,242 individual notices had been sent to potential [Medical Benefits] Settlement Class Members by postal mail and 56,136 individual notices had been e-mailed. Only 10,700 mailings—or 3.3%—were known to be undeliverable. (Azari Decl. ¶¶ 8, 9.) Notice was also provided through an extensive schedule of local newspaper, radio, television and Internet placements, well-read consumer magazines, a national daily business newspaper, highly-trafficked websites, and Sunday local newspapers (via newspaper supplements). Notice was also provided in non-measured trade, business and specialty publications, African-American, Vietnamese, and Spanish language publications, and Cajun radio programming. The combined measurable paid print, television, radio, and Internet effort reached an estimated 95% of adults aged 18+ in the Gulf Coast region an average of 10.3 times each, and an estimated 83% of all adults in the United States aged 18+ an average of 4 times each. (Id. ¶¶ 8, 10.) All notice documents were designed to be clear, substantive, and informative. (Id. ¶ 5.)

The Court received no objections to the scope or content of the [Medical Benefits] Notice Program. (Azari Supp. Decl. ¶ 12.) The Court finds that the Notice and Notice Plan as implemented satisfied the best notice practicable standard of Rule 23(c) and, in accordance with Rule 23(e)(1), provided notice in a reasonable manner to Class Members who would be bound by the Settlement, including individual notice to all Class Members who could be identified through reasonable effort. Likewise, the Notice and Notice Plan satisfied the requirements of Due Process. The Court also finds the Notice and Notice Plan satisfied the requirements of CAFA.

Judge Carl J. Barbier, *In re Oil Spill by the Oil Rig "Deepwater Horizon" in the Gulf of Mexico, on April 20, 2010 (Economic and Property Damages Settlement)* (Dec. 21, 2012) MDL No. 2179 (E.D. La.):

The Court finds that the Class Notice and Class Notice Plan satisfied and continue to satisfy the applicable requirements of Federal Rule of Civil Procedure 23(c)(2)(b) and 23(e), the Class Action Fairness Act (28 U.S.C. § 1711 et seq.), and the Due Process Clause of the United States Constitution (U.S. Const., amend. that is practicable under the circumstances of this litigation. The notice program surpassed the requirements of Due Process, Rule 23, and CAFA. Based on the factual elements of the Notice Program as detailed below, the Notice Program surpassed all of the requirements of Due Process, Rule 23, and CAFA.

The Notice Program, as duly implemented, surpasses other notice programs ... executed with court approval. The Notice Program included notification to known or potential Class Members via postal mail and e-mail; an extensive schedule of local newspaper, radio, television and Internet placements, well-read consumer magazines, a national daily business newspaper, and Sunday local newspapers. Notice placements also appeared in non-measured trade, business, and specialty publications, African-American, Vietnamese, and Spanish language publications, and Cajun radio programming. The Notice Program met the objective of reaching the greatest possible number of class members and providing them with every reasonable opportunity to understand their legal rights. See Azari Decl. ¶¶ 8, 15, 68. The Notice Program was substantially completed on July 15, 2012, allowing class members adequate time to make decisions before the opt-out and objections deadlines.

The media notice effort alone reached an estimated 95% of adults in the Gulf region an average of 10.3 times each, and an estimated 83% of all adults in the United States an average of 4 times each. These figures do not include notice efforts that cannot be measured, such as advertisements in trade publications and sponsored search engine listings. The Notice Program fairly and adequately covered and notified the class without excluding any demographic group or geographic area, and it exceeded the reach percentage achieved in most other court-approved notice programs.

Judge Alonzo Harris, *Opelousas General Hospital Authority, A Public Trust, D/B/A Opelousas General Health System and Arklamiss Surgery Center, L.L.C. v. FairPay Solutions, Inc.* (Aug. 17, 2012) 12-C-1599 (27th Jud. D. Ct. La.):

Notice given to Class Members and all other interested parties pursuant to this Court's order of April 18, 2012, was reasonably calculated to apprise interested parties of the pendency of the action, the certification of the Class as Defined for settlement purposes only, the terms of the Settlement Agreement, Class Members rights to be represented by private counsel, at their own costs, and Class Members rights to appear in Court to have their objections heard, and to afford persons or entities within the Class Definition an opportunity to exclude themselves from the Class. Such notice complied with all requirements of the federal and state constitutions, including the Due Process Clause, and applicable articles of the Louisiana Code of Civil Procedure, and constituted the best notice practicable under the circumstances and constituted due and sufficient notice to all potential members of the Class as Defined.

Judge James Lawrence King, *Sachar v. Iberiabank Corporation* (Apr. 26, 2012) as part of ***In re Checking Account Overdraft*** MDL No. 2036 (S.D. Fla):

The Court finds that the Notice previously approved was fully and properly effectuated and was sufficient to satisfy the requirements of due process because it described "the substantive claims ... [and] contained information reasonably necessary to [allow Settlement Class Members to] make a decision to remain a class member and be bound by the final judgment."... The Notice, among other things, defined the Settlement Class, described the release as well as the amount and method and manner of proposed distribution of the Settlement proceeds, and informed Settlement Class Members of their rights to opt-out or object, the procedures for doing so, and the time and place of the Final Approval Hearing. The Notice also informed Settlement Class Members that a class judgment would bind them unless they opted out, and told them where they could obtain more information, such as access to a full copy of the Agreement. Further, the Notice described in summary form the fact that Class Counsel would be seeking attorneys' fees of up to 30 percent of the Settlement. Settlement Class Members were provided with the best practicable notice "reasonably calculated, under [the] circumstances, to apprise them of the pendency of the action and afford them an opportunity to present their objections." Mullane, 339 U.S. at 314. The content of the Notice fully complied with the requirements of Rule 23.

Judge Bobby Peters, *Vereen v. Lowe's Home Centers* (Apr. 13, 2012) SU10-cv-2267B (Ga. Super. Ct.):

The Court finds that the Notice and the Notice Plan was fulfilled, in accordance with the terms of the Settlement Agreement, the Amendment, and this Court's Preliminary Approval Order and that this Notice and Notice Plan constituted the best practicable notice to Class Members under the circumstances of this action, constituted due and sufficient Notice of the proposed Settlement to all persons entitled to

participate in the proposed Settlement, and was in full compliance with Ga. Code Ann § 9-11-23 and the constitutional requirements of due process. Extensive notice was provided to the class, including point of sale notification, publication notice and notice by first-class mail for certain potential Class Members.

The affidavit of the notice expert conclusively supports this Court's finding that the notice program was adequate, appropriate, and comported with Georgia Code Ann. § 9-11-23(b)(2), the Due Process Clause of the Constitution, and the guidance for effective notice articulate in the FJC's Manual for Complex Litigation, 4th.

Judge Lee Rosenthal, *In re Heartland Payment Systems, Inc. Customer Data Security Breach Litigation* (Mar. 2, 2012) MDL No. 2046 (S.D. Tex.):

*The notice that has been given clearly complies with Rule 23(e)(1)'s reasonableness requirement... the notice plan after its implementation and conservatively estimated that notice reached 81.4 percent of the class members. (Docket Entry No. 106, ¶ 32). Both the summary notice and the detailed notice provided the information reasonably necessary for the presumptive class members to determine whether to object to the proposed settlement. See Katrina Canal Breaches, 628 F.3d at 197. Both the summary notice and the detailed notice "were written in easy-to-understand plain English." In re Black Farmers Discrimination Litig., — F. Supp. 2d —, 2011 WL 5117058, at *23 (D.D.C. 2011); accord AGGREGATE LITIGATION § 3.04(c).15 The notice provided "satisf[ies] the broad reasonableness standards imposed by due process" and Rule 23. Judge John D. Bates, *Trombley v. National City Bank* (Dec. 1, 2011) 1:10-cv-00232 (D.D.C.) as part of ***In re Checking Account Overdraft Litigation*** MDL No. 2036 (S.D. Fla.):

The form, content, and method of dissemination of Notice given to the Settlement Class were in full compliance with the Court's January 11, 2011 Order, the requirements of Fed. R. Civ. P. 23(e), and due process. The notice was adequate and reasonable, and constituted the best notice practicable under the circumstances. In addition, adequate notice of the proceedings and an opportunity to participate in the final fairness hearing were provided to the Settlement Class.

Judge Robert M. Dow, Jr., *Schulte v. Fifth Third Bank* (July 29, 2011) 1:09-cv-06655 (N.D. Ill.):

The Court has reviewed the content of all of the various notices, as well as the manner in which Notice was disseminated, and concludes that the Notice given to the Class fully complied with Federal Rule of Civil Procedure 23, as it was the best notice practicable, satisfied all constitutional due process concerns, and provided the Court with jurisdiction over the absent Class Members.

Judge Ellis J. Daigle, *Williams v. Hammerman & Gainer Inc.* (June 30, 2011) 11-C-3187-B (27th Jud. D. Ct. La.):

Notices given to Settlement Class members and all other interested parties throughout this proceeding with respect to the certification of the Settlement Class, the proposed settlement, and all related procedures and hearings—including, without limitation, the notice to putative Settlement Class members and others... were reasonably calculated under all the circumstances and have been sufficient, as to form, content, and manner of dissemination, to apprise interested parties and members of the Settlement Class of the pendency of the action, the certification of the Settlement Class, the Settlement Agreement and its contents, Settlement Class members' right to be represented by private counsel, at their own cost, and Settlement Class members' right to appear in Court to have their objections heard, and to afford Settlement Class members an opportunity to exclude themselves from the Settlement Class. Such notices complied with all requirements of the federal and state constitutions, including the due process clause, and applicable articles of the Louisiana Code of Civil Procedures, and constituted the best notice practicable under the circumstances and constituted due and sufficient notice to all potential members of the Settlement Class.

Judge Stefan R. Underhill, *Mathena v. Webster Bank, N.A.* (Mar. 24, 2011) 3:10-cv-01448 (D. Conn.) as part of ***In re Checking Account Overdraft Litigation*** MDL No. 2036 (S.D. Fla.):

The form, content, and method of dissemination of Notice given to the Settlement Class were adequate and reasonable, and constituted the best notice practicable under the circumstances. The Notice, as given, provided valid, due, and sufficient notice of the proposed settlement, the terms and conditions set forth in the Settlement Agreement, and these proceedings to all persons entitled to such notice, and said notice fully satisfied the requirements of Rule 23 of the Federal Rules of Civil Procedure and due process.

Judicial Quotes

Judge Ted Stewart, *Miller v. Basic Research, LLC* (Sept. 2, 2010) 2:07-cv-00871 (D. Utah):

Plaintiffs state that they have hired a firm specializing in designing and implementing large scale, unbiased, legal notification plans. Plaintiffs represent to the Court that such notice will include: 1) individual notice by electronic mail and/or first-class mail sent to all reasonably identifiable Class members; 2) nationwide paid media notice through a combination of print publications, including newspapers, consumer magazines, newspaper supplements and the Internet; 3) a neutral, Court-approved, informational press release; 4) a neutral, Court-approved Internet website; and 5) a toll-free telephone number. Similar mixed media plans have been approved by other district courts post class certification. The Court finds this plan is sufficient to meet the notice requirement.

Judge Sara Loi, *Pavlov v. Continental Casualty Co.* (Oct. 7, 2009) 5:07-cv-02580 (N.D. Ohio):

[T]he elaborate notice program contained in the Settlement Agreement provides for notice through a variety of means, including direct mail to each class member, notice to the United States Attorney General and each State, a toll free number, and a website designed to provide information about the settlement and instructions on submitting claims. With a 99.9% effective rate, the Court finds that the notice program constituted the “best notice that is practicable under the circumstances,” Fed. R. Civ. P. 23(c)(2)(B), and clearly satisfies the requirements of Rule 23(c)(2)(B).

Judge James Robertson, *In re Department of Veterans Affairs (VA) Data Theft Litigation* (Sept. 23, 2009) MDL No. 1796 (D.D.C.):

The Notice Plan, as implemented, satisfied the requirements of due process and was the best notice practicable under the circumstances. The Notice Plan was reasonably calculated, under the circumstances, to apprise Class Members of the pendency of the action, the terms of the Settlement, and their right to appear, object to or exclude themselves from the Settlement. Further, the notice was reasonable and constituted due, adequate and sufficient notice to all persons entitled to receive notice.

2. What is this lawsuit called?

This lawsuit is called *In re: Cattle and Beef Antitrust Litigation*. It is pending in the United States District Court, District of Minnesota. The case number is 22-md-3031. The Judge overseeing this litigation is Judge John R. Tunheim.

3. Why is this class action a lawsuit?

In a class action lawsuit, one or more people sue on behalf of a larger group. The people who represent the group are called “class representatives.” The whole group of people is called a “class.” Individual people in the class are called “class members.”

4. Who are the Defendants in this lawsuit and who has settled?

The Defendants in this case are JBS USA Food Company, Swift Beef Company, JBS Packerland, Inc., Cargill, Inc., Cargill Meat Solutions Corporation (“Cargill”), National Beef Packing Company, LLC, Tyson Foods, Inc., and Tyson Fresh Meats, Inc. (“Tyson”).

Cargill and Tyson, together are “Settling Defendants” and the remaining Defendants JBS USA Food Company, Swift Beef Company, JBS Packerland, Inc., and National Beef Packing Company, LLC, are “non-settling Defendants.”

5. Why are there Settlements?

The Court has not decided who is right. Instead, the Plaintiffs and Defendants have agreed to settle. A settlement is an agreement to stop the lawsuit. That way, it avoids the cost of a trial, and the people in the Class will get money. The Class Representatives and the attorneys think the settlements are best for the Class.

Two of the defendants, Tyson Foods, Inc., and Tyson Fresh Meats, Inc. (“Tyson”) and Cargill, Inc., Cargill Meat Solutions Corporation (“Cargill”), have agreed to settlements totaling ****\$87.5 million**** (\$55 million from Tyson and \$32.5 million from Cargill) to resolve the claims against them. They have also agreed to certain non-monetary relief.

6. Who are the plaintiffs?

Nyanjom, Mark Sperry, Dan Campbell, Craig Margulies, Lindsey Lemoi, and Leigh Tiller.

7. How do I know if I am part of the lawsuit?

You are included—and may be eligible for a payment—if you are a person or entity who **indirectly purchased** any of the following beef products for **personal consumption** between **August 1, 2014, and December 31, 2019**:

- **Beef** (fresh or frozen) made from **chuck, loin, rib, or round primal cuts**. More details regarding the different beef products included in the Settlements is available [here](#).

“Indirectly purchased” means you did not buy the beef products directly from one of the Defendants. Instead, you bought it at a grocery store or supermarket.

8. What Beef Products Are NOT Included?

Any beef marketed as:

- **Premium:** USDA Prime, organic, 100% grass-fed, Wagyu, “American-Style Kobe Beef.”
- **Specialty:** No Antibiotics Ever (“NAE”), antibiotic-free, kosher, halal, certified humane.
- **Processed:** Ground, marinated, seasoned, flavored, breaded, or cooked beef.

9. Is anyone excluded from the Settlement Class?

Yes. You do not need to submit a separate Claim Form for the Tyson Foods and Cargill Settlements.

11. What am I giving up by staying in the Settlement Class?

If you stay in the class and do nothing, you will not receive money. If you stay in the class and submit a timely and valid claim, you will receive some payment. If you stay in the class, you cannot sue Cargill or Tyson on your own for these same claims. The Released Claims are detailed in Paragraphs 14-15 of the Cargill Settlement and Paragraphs 14-15 of the Tyson Settlement.

You are not releasing your legal claims against any Defendants other than Cargill and Tyson.

12. What happens if I do nothing at all?

If you do nothing, you will remain a member of the Settlement Class. You will only receive a cash payment if you submit a timely and valid claim. If the Settlements are approved and become final, all Court orders and judgments will apply to you and legally bind you.

You will still have the opportunity to participate in any future settlements or judgments obtained by Consumer Indirect Purchaser Plaintiffs against other Defendants in the lawsuit.

13. How do I submit a Claim Form?

P.O. Box XXX
Portland, OR 972XX-XXXX

You cannot exclude yourself by telephone or by email.

“Mass” or “class” requests for exclusion filed by third parties on behalf of a “mass” or “class” of Settlement Class Members or multiple Settlement Class Members where the opt-out has not been signed by each and every individual Settlement Class Member will not be allowed.

17. If I exclude myself, can I get a cash payment from the Settlements?

No. If you exclude yourself from a settlement, you will not get money from that settlement. And if you exclude yourself from all of the settlements, you will not get money from any of the settlements in this case.

18. If I do not exclude myself, can I sue Cargill and Tyson for the same thing later?

No. Unless you exclude yourself, you give up any right to sue the Released Parties (Tyson and Cargill) for the legal claims that these Settlements resolve and Release, and you will be bound by all of the terms of the Settlements. You must exclude yourself from this lawsuit to start or continue with your own lawsuit or be part of any other lawsuit against the Released Parties about the Released Claims in this lawsuit. If you have a pending lawsuit, speak to your lawyer in that lawsuit immediately.

19. How do I tell the Court I do not like the Cargill and/or Tyson Settlements?

Objecting is when you tell the Court that you don't like something about a settlement. You must give reasons why you think the Court should not approve it. The Court will consider your views. You can hire your own lawyer to help you, but you don't have to.

20. How do I object?

To object, you must send a letter to the Court. Your letter must include:

- Your name,
- Your address,
- Your telephone number,
- Your notice ID number (if you have one),
- The reason(s) you object to one, or both, of the settlements,
- Your lawyer's name (if you have one),
- A statement saying that you object to the Cargill Settlement and/or Tyson Settlement in *In re Cattle and Beef Antitrust Litigation (Consumer Indirect Purchaser Actions)*, No. 0:22-md-03031,
- A statement saying if you (or your lawyer) want to speak at the hearing, and
- Your signature (you must sign the letter).

You must mail your objection postmarked no later than **MONTH DD, 20YY** to these two addresses:

<p><u>Settlement Administrator:</u> Consumer Indirect Beef Litigation c/o Settlement Administrator P.O. Box XXXX Portland, OR 97XXX-XXXX</p>	<p><u>Court</u> United States District Court for the District of Minnesota, 300 South Fourth Street, Suite 202, Minneapolis, Minnesota 55415</p>
---	---

21. If I object, will the judge change the settlements?

No. The judge cannot change the terms of the Settlements. He can only approve or not approve the settlements as they are. If the judge agrees with your objection, he may not approve the settlements.

22. Can I object to a settlement if I exclude myself?

No. You cannot object to a settlement if you exclude yourself.

23. Do I have a lawyer in this lawsuit?

Yes. The judge assigned lawyers from two law firms to represent you and the other Class Members in this lawsuit. The law firms are Hagens Berman Sobol Shapiro LLP and Lockridge Grindal Nauen PLLP.

These lawyers are called "Class Counsel."

You will not be charged for these lawyers, and you can contact them for free. If you want to be represented by your own lawyer, you can hire one, but you may have to pay them.

24. How will Class Counsel be paid?

Class Counsel will ask the Court for an award of attorneys' fees up to 33 1/3% of the Gross Settlement Amount (\$87.5 million plus accrued interest), up to \$12 million in litigation expenses and costs incurred, up to \$2 million in settlement and claims administration costs, and class representative service awards of up to \$2,000 to be paid from the Settlement Funds. Any payment to the lawyers or class representatives will be subject to Court approval, and the Court may award less than the requested amount. The attorneys' fees,

costs, expenses, and service awards that the Court orders, plus the costs to administer the Settlements, will be paid out of the respective Cargill and Tyson Settlement Funds.

When Class Counsel’s motions for attorneys’ fees, costs, expenses, and service awards are filed in the Cargill Settlement and the Tyson Settlement, they will be available at [www. overchargedforbeef.com](http://www.overchargedforbeef.com). The motions will be posted on the case website before the deadline for objecting to each Settlement.

25. What happens next in this lawsuit?

The judge will hold a hearing to decide if he will approve these settlements. The judge’s decision after the hearing will affect the rights of all Class Members. The settlements will only go into effect if the judge approves them and appeals are resolved. If you wish, you may attend the hearing.

The hearing is scheduled for **MONTH DD, 20YY, at XX:XX a.m./p.m** before the Honorable John R. Tunheim at the U.S. District of Minnesota Courthouse, 300 South Fourth Street, Suite 202, Minneapolis, Minnesota or via telephone or video conference.

The judge may decide to move the hearing to a different date or time. Check this website for updates.

26. What happens at the hearing?

At the hearing, the Court will consider if it will approve the settlements. The Court may consider any objections at that time. The judge will listen to people who have asked to speak at the hearing. The Court may also decide how much it wants to pay Class Counsel and the Class Representatives.

27. Do I have to attend the hearing?

No. You do not have to attend the hearing, but you are welcome to attend at your own cost. If you mail a written objection to the Court on time, the judge will consider it. This is true even if you do not attend the Court hearing to talk about it.

You may also pay your own lawyer to attend, but you do not have to.

28. Can I ask to speak at the hearing?

Yes. You may ask to speak at the Fairness Hearing. To do so, you must send a letter saying that it is your “Notice of Intention to Appear in *In re Cattle and Beef Antitrust Litigation*, No. 0:22-md-03031.” Be sure to include your name, current mailing address, telephone number, and signature. Your Notice of Intention to Appear must be **postmarked** by **MONTH DD, 20YY**, and it must be sent to the Clerk of the Court and the Settlement Administrator. The addresses are:
